Dear Mr. Youngblood:

We have completed our review of the Final Environmental Impact Statement (EIS) related to the operation of the Comanche Peak Steam Electric Station, Units 1 and 2 (Docket Nos. 50-445 and 446).

This document adequately responds to the comments issued on the Draft EIS and we have identified no new issues of concern with regard to the project. As we stated in our comments, we will provide our revised generic comments to you when they are completed. As you proceed with this project, we urge that all reasonable efforts be made to assure minimal adverse environmental impacts.

Sincerely,

Clinton B. Spotts
Regional EIS Coordinator
