

APPENDIX A
NOTICE OF VIOLATION

Texas Pipe Bending Company
of Puerto Rico, Inc.

License No. 52-13672-01

As a result of the inspection conducted on July 28, 1981, and in accordance with the Interim Enforcement Policy, 45 FR 66754 (October 7, 1980), the following violations were identified.

- A. 10 CFR 34.33(c) requires that pocket dosimeters be checked annually for correct response to radiation.

Contrary to the above, the requirement to check pocket dosimeters for correct response to radiation annually was not met in that pocket dosimeters routinely worn by your radiographers have not been checked for correct response to radiation in 1.5 years.

This is a Severity Level V Violation (Supplement VII.)

- B. 10 CFR 34.11(d) requires that records of your quarterly internal inspections be maintained for 2 years.

Contrary to the above, the requirement to maintain internal inspection records for two years was not met in that no records are available of the internal inspections you have performed in the past 1.5 years.

This is a Severity Level V Violation (Supplement VII.)

- C. 10 CFR 20.401(b) requires that each licensee shall maintain records showing the results of surveys required by 10 CFR 20.205(c). 10 CFR 20.205(c) requires the licensee to monitor external radiation levels of packages containing greater than Type A quantities of radioactive material.

Contrary to the above, the requirement to maintain records of external radiation level surveys was not met in that surveys performed in the past 1.5 years were not recorded.

This is a Severity Level V Violation (Supplement VII.)

Pursuant to the provisions of 10 CFR 2.201, you are hereby required to submit to this office within thirty days of the date of this Notice, a written statement or explanation in reply, including: (1) admission or denial of the alleged violations; (2) the reasons for the violations if admitted; (3) the corrective steps which have been taken and the results achieved; (4) corrective steps which will
