Region II - Suite 3100

Dear Mr. O'Reilly:

On May 7, 1981 TVA submitted its final response to Inspection Report Nos. 50-553/81-03, -554/81-02. In the response to violation 50-553/81-03-01, -554/81-02-01, TVA stated that a computer program was to be loaded into the site computer in May 1981. This program is to be used as an aid in drawing control. However, due to hardware problems, the first attempt to load the program was unsuccessful. As discussed with Pete Taylor of your staff on June 18, 1981, the program was loaded as of June 12, 1981. If you have any questions, please call Jim Domer at FTS 857-2014.

To the best of my knowledge, I declare the statements contained herein are complete and true.

Very truly yours,

TENNESSEE VALLEY AUTHORITY
