Docket No. 50-389A

ORDER

November 4, 1981

The NRC staff has moved for "clarification" of our summary grant of the applicant's October 28, 1981 motion for an extension to November 16, 1981 of the time within which to file its brief on the pending appeal in this antitrust proceeding. In actuality, the staff does not seek "clarification" of that unambiguous action; rather it wishes to obtain a like extension for itself. (As the staff notes, it had inadvertently failed to request the applicant to cast the October 28 motion in terms of an extension for all appellees; consequently, that motion had asked only that the applicant's briefing period be enlarged.)

Thus construed, the staff's motion is granted.
