

Please note that Rule 30(c) of the Federal Rules of Civil Procedure provides that a party may, in lieu of exercising its right to participate in an oral deposition in person, serve written questions in a sealed envelope on the counsel for the party taking the deposition for transmittal to and propounding by the court reporter. It will be impractical to make such arrangements unless the envelope is in the hands of the undersigned by Friday, November 13, 1981.

PLEASE TAKE NOTICE also that the witness named has been requested to advise the undersigned whether there are any documents, materials, reports or data in any form (not listed as a reference in his report herein of September 28, 1981) which he considered, consulted or relied upon in preparing his report herein or preparing to testify herein, or which record or reflect any discussion with any other person regarding such report or testimony or this proceeding, and that, if so, it is intended that inspection and copying of such documents will take place at his office on Wednesday, November 18, 1981 at a time to be arranged.

(As used herein, the word "documents" also includes handwritten notes on referenced or unreferenced documents, drafts, and working papers.)
