RE: Violation in Inspection August 18, 1981

I Steven R. Engle, R.T., A.R.R.T. affirm the previous letter written explaining the actions taken to correct the deficiency in our Nuclear Medicine Department, which is true and factual as well as the second letter which explains in more detail what action was taken, when, and to which technologist.

Sincerely,

A handwritten signature in dark ink, appearing to read 'Steven R. Engle R.T.', written in a cursive style.
