(46 FR 38081)

The Honorable Dante Fascell
United State House of Representatives
Washington, D.C. 20515

Dear Congressman Fascell:

The following information is provided in response to your inquiry of October 16, 1981 concerning your constituent Ms. Joette Lorion, and her letter to R. Dale Smith, Chief, Low-Level Waste Licensing Branch.

With respect to her request for a copy of the proposed rule on land disposal for low-level radioactive waste (10 CFR 61), Mr. Smith transmitted a copy to her on October 9, 1981. In regard to the status of the license governing low-level radioactive waste storage at the Turkey Point Power Plant in Florida, Mr. Smith's staff thoroughly researched the information and sent Ms. Lorion a status report on November 6, 1981. A copy of Mr. Smith's letter is enclosed for your information.

I trust we have provided you with helpful comments. If my office can be of further help, please let me know.

Sincerely,

Carlton Kammerer, Director
Office of Congressional Affairs
