Reference: Request for Transfer on Import License ISNM 81002
Transnuclear Reference: 81-117/02

Dear Ms. Wright:

Please accept this letter as a request for the transfer of the above referenced license from General Electric to Transnuclear, Inc. Transnuclear, Inc. will handle the transport of this material to General Electric's fuel fabrication facility at Wilmington, North Carolina.

The U.S.N.R.C. import license ISNM 81002 authorizing import of 1,450 Kgs low enriched uranium was issued on 25 March 1981 to General Electric.

For your convenience attached is General Electric's request for transfer of above reference license (letter from B. D. Wilson to NRC dated 13 August 1981).

When transfer of this license has been completed please contact this office so that we may arrange for a special messenger to pick up the new license.

Your time and cooperation is greatly appreciated.

Sincerely,

Karol L. McCarty
Traffic Coordinator
