Docket Nos. 50-440
and 50-441

OCT 23 1981

Mr. Dalwyn R. Davidson
Vice President - Engineering
Cleveland Electric Illuminating Company
P. O. Box 5000
Cleveland, Ohio 44101

Dear Mr. Davidson:

Subject: Responses to Geology - Seismology

In your letter of September 11, 1981, you indicated that the responses to our geology-seismology requests would be delayed until the end of October. Rather than wait for completion of all the responses, we would appreciate receiving those responses considered finished now. These can be submitted informally at this time with formal submittal at the end of October. Submittal now will help to maintain the current review schedule.

If you have any questions concerning this matter, please contact me at 301-492-8430.

Sincerely,

M. Dean Houston, Project Manager
