Docket No. 50-344

Portland General Electric Company
ATTN: Mr. Bart D. Withers
Vice President - Nuclear
131 S. W. Salmon Street
Portland, Oregon 97204

Gentlemen:

Your application dated August 27, 1981, requested the Office of Nuclear Reactor Regulation (ONRR) to review proposed revisions to the Trojan Nuclear Plant Physical Security Plan. A Class II fee of \$1,200 was remitted with your application in accordance with the requirements of 10 CFR 170.22. Your letter dated October 7, 1981, withdrew this application.

Under the provisions of 10 CFR 170.12(a), the USNRC may retain fees for withdrawn applications. However, the ONRR staff have informed us that no formal review of your application had commenced when it was withdrawn. On this basis, we have determined that an exemption pursuant to 10 CFR 170.11(b) from the fee requirements is authorized by law and such exemption is otherwise in the public interest and is hereby granted for your August 27 application. Therefore, we have concurrently authorized the Office of the Controller to refund a sum of \$1,200 to your Company. Refunds are generally made in approximately two weeks.

Sincerely,

Signed, C. James Holloway, Jr.
