

JUL 22 1983

The Honorable Alan Simpson, Chairman  
Subcommittee on Nuclear Regulation  
Committee on Environment and Public Works  
United States Senate  
Washington, D. C. 20510

Dear Mr. Chairman:

Enclosed for your information is an announcement that the Nuclear Regulatory Commission will hold a public meeting on environmental aspects of the proposed operating license for the Nine Mile Point Nuclear Station, Unit No. 2 on August 2, 1983, in Oswego, New York.

It is planned to mail this information to the news media today, July 22, 1983.

Sincerely,

Carlton Kammerer, Director  
Office of Congressional Affairs

Enclosure:  
As stated

cc: Senator Gary Hart
