

NUCLEAR REGULATORY COMMISSION  
WASHINGTON, D. C. 20555

ENCLOSURE 1

FEB 07 1990

MEMORANDUM FOR: Office Directors  
Regional Administrators

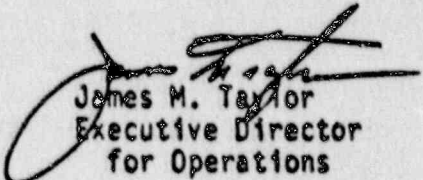

FROM: James M. Taylor  
Executive Director for Operations

SUBJECT: LEGISLATIVE AND REGULATORY REVIEW REQUIREMENTS FOR THE  
OFFICE OF INSPECTOR GENERAL

The enclosed memorandum from the Office of Inspector General (OIG) relates to the role of the Office of Inspector General in reviewing legislative and regulatory proposals to assess their impact on economy and efficiency and refines the May 3, 1989 memorandum the EDO transmitted to you on this subject. Please take immediate action to ensure that the indicated documents your office is responsible for handling or issuing are sent to the OIG, allowing for a reasonable comment period. Internal procedures should be revised within 60 days of the date of this memorandum to reflect this requirement.

As a general rule OIG should be on distribution for all indicated documents which are forwarded to the Commission for information or approval. Examples of the types of documents the OIG would like to receive are also enclosed. These examples are not all inclusive, and judgement will be needed on your part. As a general rule, the OIG should be provided a document at the draft stage if comments are being requested from other offices and before forwarding to the EDO. It will be incumbent upon OIG to notify you if they plan to provide comments. Every effort will be made by the OIG to provide comments within the same time provided to other offices.

Please notify Margo Bridgers by February 16, 1990 that your distribution lists have been revised to include OIG.

  
James M. Taylor  
Executive Director  
for Operations
