Gentlemen:

Notice is hereby provided that your Quality Assurance (QA) Program Approval for Radioactive Material Packages, Approval No. 0301 expired on February 28, 1990.

If you are an NRC licensee and conduct activities under the General Licenses of Subpart C of 10 CFR Part 71, or an Agreement State Licensee subject to the requirements of 10 CFR Part 71, as required by 10 CFR Part 150.20, a QA Program approved by the Commission as satisfying the provisions of Subpart H of 10 CFR Part 71 is required. Since you no longer have a valid QA Program Approval, the General Licenses of Subpart C of 10 CFR Part 71 and registration under the provisions of 10 CFR Part 71.12, to transport or deliver licensed material to a carrier for transport is terminated. This includes your registration as a user of Certificate of Compliance No. 9032.

Sincerely,

Charles E. MacDonald, Chief
Transportation Branch
Division of Safeguards and
Transportation, NMSS
