RE: **License No. 34-05124-01**

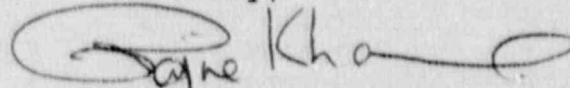

Dear Mr. Sreniawski:

This letter is in response to your February 12, 1990 Notice of Violation concerning our facility.

The two violations noted as a result of the January 11, 1990 inspection did occur as indicated. All nuclear medicine personnel have been reinstructed in requirements for the performance of these wipe tests and surveys. Full compliance was achieved as of the date of the inspection. Compliance with the requirements will be reviewed by our consultants during their quarterly audits.

If you have any further questions, feel free to contact us.

Sincerely,

Rajive Khanna
Vice President, Operations
