The Honorable Kenneth M. Carr
Chairman
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Chairman Carr:

It has come to my attention that you are concerned about the timing of the upcoming hearing on general Nuclear Regulatory Commission licensing procedures and Seabrook Nuclear Power Plant to be held on March 14, 1990.

I believe that there are critical safety issues regarding the emergency evacuation plans at Seabrook which must be addressed before operation of the plant begins. As you are aware, plant operation could start as early as March 15, 1990. Therefore, the hearing date is in accordance with your own schedule which you outlined upon issuing a full power license for Seabrook on March 1, 1990, and I must respectfully insist that you attend the hearing.

Thank you for your cooperation in this matter.

Sincerely,

Peter H. Kostmayer
Chairman
Subcommittee on General
Oversight and Investigations
