Power Systems
Combustion Engineering, Inc.
ATTN: Mr. J. A. Rode, Manager
Hematite Fuel Manufacturing
Post Office Box 107
Highway P
Hematite, MO 63047

Dear Mr. Rode:

This letter confirms the substance of recent telephone calls between Mr. H. Eskridge of your staff and Mr. G. M. France, III of Region III regarding the Safety Assessment - Team Inspection scheduled for April 23-27, 1990 at your Hematite facility.

I will lead the team which will consist of representatives from the NRC and OSHA. We plan to meet at the Hematite facility on April 23, 1990 by 9:00 a.m. We would appreciate a presentation from members of your staff concerning the status of CE Hematite operations and the plant revitalization program followed by a tour of the facility. A list of inspection modules and assigned inspectors is enclosed for your information.

Mr. William L. Axelson, Region III Deputy Director, Division of Radiation Safety and Safeguards plans to attend the exit meeting on Friday, April 27, 1990.

Should you have any questions, please contact me or Mr. G. M. France, III at (708) 790-5630.

Sincerely,

TEOT
//

D. J. Sreniawski, Chief
