Gentlemen:

Subject: Meeting Report No. 50-333/90-12  
(Enforcement Conference)

An Enforcement Conference was held at the NRC Region 1 office on April 9, 1990. The purpose of the conference was to discuss the circumstances surrounding your evaluations and your corrective actions associated with the March 8, 1990, personnel contamination with Sodium-24. The apparent violations of NRC requirements were also discussed as well as the identified weaknesses in planning and controlling non-routine radiologically significant work activities.

The attached Meeting Report summarizes the topics discussed during the meeting.

No reply to this letter is required. You will be notified of our evaluation of the need for and nature of appropriate enforcement action at a later date.

Your cooperation with us is appreciated.

Sincerely,
