RE: KERR MCGEE RADIOACTIVE WASTE

Dear Sir:

As a citizen of the State of Illinois and a resident of the town of West Chicago, I strongly urge the NRC to authorize the State of Illinois to assume authority over the Kerr-McGee radioactive waste material. This waste does not belong in the middle of our town, or any town for that matter.

As a branch of the United States Government I believe you have an obligation to do what is right for the welfare of the people. This right should not be compromised so that Kerr-McGee can report favorably to their stockholders.

Very truly yours,

Shirley M. Matheson
