DEAR MR LAHS,

DOCKET NUMBER
PROPOSED RULE **PR** *Chapt 1.*

(53 FR 49886)

OFFICE OF SECRETARY
DOCKETING & SERVICE
BRANCH

I am writing to express my disapproval of passage of The BRC Petition to Deregulate (Below Regulatory Concern) nuclear waste.

I have 2 children who live with me & my husband. Within 7 miles of our home is a massive toxic waste dump, which is already full of toxic waste — and low-level radioactive waste.

I am firmly against any legislation or ruling that will deregulate any radioactive waste. all of it concerns me, and should concern you.

I am a mother of 4 children, who you no doubt remember from Diablo Canyon.

The mothers are awake. We know what you are up to — please honor our concern and communicate our solid resistance to this — petition.

Thank you, FATTY GOURLEY D510
