Gentlemen:

SUBJECT: NRC INSPECTION REPORT NO. 42-25214-01/93-01

Thank you for your response of February 17, 1993, to our Notice of Violation, issued on January 21, 1993, concerning activities conducted under NRC License No. 42-25214-01. We have evaluated your response and found that it meets the requirements of 10 CFR 2.201.

After reviewing your letter, we agree with your conclusion that Violation B of the January 21, 1993, Notice of Violation did not constitute a violation. We will adjust our records to reflect that no violation of regulatory requirements occurred with respect to Violation B.

Your corrective actions associated with Violation A will be reviewed during future inspections.

We appreciate your cooperation in this matter.

Sincerely,

Control Signed By
