MEMORANDUM FOR: Docket File 40-8968
FROM: Joel Grimm, Project Manager
SUBJECT: MEETING WITH HYDRO RESOURCES, INC.

Location: Uranium Recovery Field Office
Denver, Colorado

Date: February 20, 1993

Participants: NRC Edward Hawkins, Deputy Director
Joel Grimm, Project Manager
Gary Konwinski, Project Manager
Dana Ward, Project Manager
HRI Mark Pelizza, Environmental Manager

Summary of Discussion: The meeting was held at HRI's request to report on the company's progress responding to questions and comments regarding its license application. The comments were addressed in a meeting between HRI and an interagency review group on January 29, 1993. HRI has prepared a draft response to all the areas of concern, but is withholding it until the comments are formally transmitted. NRC's project manager reported that the comment package from the NRC, the Bureau of Land Management, the Bureau of Indian Affairs, and the Navajo Nation is nearly complete.

The NRC considered that HRI's responses appear to be adequate to address the review concerns thus far. However, no licensing decisions were made in the meeting.
