Gentlemen:

SUBJECT: NRC INSPECTION REPORT NO. 50-400/93-05

This refers to the inspection conducted by W. W. Stansberry of this office on February 8-12, 1993. Areas examined during the inspection are identified in the report. Within these areas, the inspection consisted of selective examinations of procedures and representative records, interviews with personnel, and observation of activities in progress.

The enclosed Inspection Report identifies activities that violated NRC requirements that will not be subject to enforcement action because the licensee's efforts in identifying and/or correcting the violation meet the criteria specified in Section VII.B. of the Enforcement Policy.
