Re: Invoice # AM07274-92

Gentlemen:

I have never requested or received any goods or services for the subject invoice amount. I have no idea what it is for and have no intention of paying it.

In addition to the deluge of technical garble de gook, that did not apply to me, or my operation I did receive unexplained bills, for fees that amounted to more than the value of my guage, along with warnings that if it wasn't paid, my license would be terminated, which is what I wanted anyway.

Simply put I didn't want your services, and elected to sell my guage, and let you terminate my license that I could not afford because of your outrageous fees and regulations.

If you think I'm ignoring you you're right, I owe nothing, and will pay nothing. Thank you.

Sincerely,

Howard Mallory
