Dear Sir,

3-7-83 MAR -8 11:54

I don't think you should  
Put the nuclear substance in the ground.  
Don't you care about what is inside of  
you? You just can't say, oh well, maybe  
we shouldn't have done that. So I am  
hoping that you will say NO! That's  
the smartest answer of them all. Because  
I know I want my future to be clean  
and clear for me and other people too.  
So please say no it means a lot to all  
of us.

Sincerely,  
Dawn McCulloch
