Dear Mr. Ikegame:

On behalf of the Commission, I would like to thank you for your letter of February 4, 1993, concerning the NRC's proposed change to 10 CFR Part 100. Because of the importance of this matter, the Commission invited comment on the proposed rule change from various international organizations. We are pleased that the Japanese Federation of Electric Power Companies (JFEPC) will be providing additional comments on this issue in a separate letter to the Secretary of the Commission. Let me assure you that your comments will be taken into consideration during the rulemaking process and will be addressed in the final rulemaking documents.

Sincerely,

Ivan Selin
