

MAR 15

L. J. Gallan, Director
Division of Radiation Safety and Safeguards
U.S.N.R.C., Region IV
611 Ryan Plaza Drive, Suite 400
Arlington, Texas 76011-8064

March 9, 1993

REF: License #35-10669-01, Reply to Notice of
Violation from inspection 030-09552-01/93-01.

- (1) We humbly admit guilt of this violation as charged.
This licensee used Radium implant therapy for
several years under the direction of Dr. Paul
Reimer. Dr. Reimer's credentials are enclosed.

A decision was made in 1990 to replace the Radium
implant practice with Cs-137. The Radiation Safety
Committee (RSC) approved that change.

A license renewal application was submitted on
12/11/90 that requested approval to use 35.400
brachytherapy sources. A response letter was
received from the NRC that stated the license would
not expire until the renewal application was
resolved.

The therapy technologist reported to the RSC on
8/91 that he was about one month from beginning
brachytherapy treatments. The RSC assumed from his
comment the NRC license approval to use Cs-137
sources was imminent since an NRC license is
required prior to purchase.

We are not aware of the reason the brachytherapy
sources were sold to us without a 35.400 approval
on our license.

- (2) As soon as this licensee became aware that it is not licensed for 35,400 sources, the Cs-137 implant program was placed on hold. A report was sent to the NRC concerning those actions.
- (3) Brachytherapy sources will remain in storage until this license and an authorized user has received approval from the NRC to perform the desired therapy procedures.
- (4) This license will continue to discontinue further use and to store the brachytherapy sources until further instructions are received from the NRC. We are at an impasse by having sources we are not licensed to possess. We would prefer for the NRC to approve Dr. Reimer as an authorized physician for 35,400 sources and to approve us for brachytherapy use.

If you need additional information, please contact me.

Sincerely,

Ben White
Hospital Administrator

The American Board of Radiology

Organized through the cooperation of the
American College of Radiology, the American Roentgen Ray Society,
the American Radium Society, the Radiological Society of North America
and the Section on Radiology of the American Medical Association
Hereby certifies that

J. H. Reimer, M.D.

Has pursued an accepted course of graduate study
and clinical work, has met certain standards and qualifications and
has passed the examinations conducted under the authority of

The American Board of Radiology

On this eighth day of December, 1972

Thereby demonstrating to the satisfaction of the Board
that he is qualified to practice the specialty of

Radiology

Ralph W. Smith, President
C. Allen Good, Secretary

The University of Texas

Medical Branch
GALVESTON, TEXAS

This is to Certify that

J. Paul Reimer, M.D.
has creditably completed

Rotating Internship

July 1, 1957 - June 30, 1958

in the John Sealy and Affiliated Hospitals

Given under our hands at Galveston, Texas this 30th day of June
1958

John B. Tinsley
DEAN, UNIVERSITY OF TEXAS MEDICAL BRANCH

Al Hennessey
SUPERVISOR OF STUDENTS

THE OKLAHOMA STATE REGENTS FOR HIGHER EDUCATION
ACTING THROUGH

THE UNIVERSITY OF OKLAHOMA

MAKE KNOWN TO ALL MEN BY THESE PRESENTS THAT

JACOB PAUL REIMER, JR.

HAVING COMPLETED THE REQUIREMENTS FOR THE DEGREE OF

DOCTOR OF MEDICINE

AT THE UNIVERSITY OF OKLAHOMA

HAS ACCORDINGLY BEEN ADMITTED TO THAT DEGREE WITH ALL THE
HONORS - RIGHTS - AND PRIVILEGES BELONGING THERETO

GIVEN UNDER THE SEALS OF THE OKLAHOMA STATE REGENTS FOR HIGHER EDUCATION
AND THE UNIVERSITY OF OKLAHOMA AT NORMAN - OKLAHOMA
