Dear Sirs:

With reference to AEC Byproduct License 34-07225-04 and our letter same subject dated October 5, 1966.

We have received amendment No. 19 dated October 13, 1966 and note that Item A of our request of October 5th has not been included in the license.

We requested that Item 8N be increased to permit the possession of 2 curies of Technetium 99. Your co-operation in making this additional amendment will be greatly appreciated.

Very truly yours,
