Re: Thelma M. Roberts vs. Atomic Energy of Canada Ltd., et al

We received a Summons for the above captioned case and, the plaintiff, Thelma M. Roberts alleges that her husband, W. H. Roberts died during his employment at Purdue University. Picker Corporation has been named as one of the co-defendants in this case.

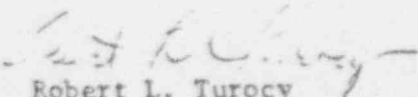

The information of the Summons and Complaint is vague and sketchy. It may be possible that at some time in the past Picker Corporation installed a source into a machine. In order to determine Picker Corporation's involvement in the above case more specific information is needed. Therefore, Picker Corporation is requesting a copy of all the information that the U.S.N.R.C. has in its files concerning Thelma M. Roberts. This request is being made under the freedom of information act.

Please send the information to my attention at the following address:

Picker Corporation  
595 Miner Road

Your prompt attention and response will be highly appreciated.

Sincerely,
