SUBJECT: MEETING ON IMPLEMENTATION OF REVISION 7 OF NUREG-1021, OPERATOR  
LICENSING EXAMINER STANDARDS

The purpose of this letter is to inform you that we will be hosting a meeting from 10 a.m. until 3 p.m. on Monday, May 3, 1993, in the Region IV offices. This meeting will discuss the implementation of revision 7 of NUREG-1021, "Operator Licensing Examiner Standards". We expect that the basic agenda of the meeting will be a brief synopsis of revision 7 followed by an extensive question and answer session.

We specifically invite representatives from your staff involved in training and licensing of operators, as well as other interested parties. The meeting will be held in the RIV Training Conference Room on the 4th floor of our building. Because of the size of this facility, we anticipate no attendance limits for interested personnel on your staff; however, we ask that you notify Ms. Laura Hurley, Operator Licensing Assistant, at (817) 860-8253 by April 26 with an attendance list so that appropriate room arrangements can be made. We have discussed this meeting with members of your training staff. Due to the subject matter and nature of this meeting, this meeting is open to attendance by members of the general public.

When you have finalized your attendance plans, or if you or your staff have any suggested topics or questions, please contact John Pellet, Chief, Operations Section, at (817) 860-8159 or Laura Hurley, at the number above.

Sincerely,

*Samuel J. Collins*  
Samuel J. Collins, Director  
Division of Reactor Safety
