United States Nuclear Regulatory Commission
Transportation Branch Division of Industrial & Medical Nuclear Safety
Attn: Mr. Charles E. MacDonald, Chief
Washington, DC 20555-0001

Subject: Renewal of Quality Assurance (QA) Program Approval for
Radioactive Material Packages No. 0652

Reference: U.S.N.R.C. Materials License #34-25898-01

Dear Mr. MacDonald:

Pursuant to your letter dated March 19, 1993, SAM-SON INSPECTION & TECHNICAL SERVICES, INC. herewith submits the above subject program for your review and approval.

Our QA Program is found in Part III of the enclosed Radiation Safety Manual. The Radiation Safety Manual is being submitted in its entirety due to the various references to same throughout the QA Program. In addition to the above, you will also find a copy of resume's for the Company's Radiation Safety Officer and Assistant Radiation Safety Officer and a check in the amount of \$250, which is the application fee as required by 10CFR-170.31.

We trust that the foregoing provides the required information for renewal of our Quality Assurance Program. If you have any further questions, please feel free to contact me.

Respectfully submitted,

SAM-SON INSPECTION & TECHNICAL SERVICES, INC.

David M. Hopkins

David M. Hopkins,
Radiation Safety Officer
