ATTENTION: MR. R. W. BORCHARDT

SUBJECT: REVIEW OF "REQUESTS FOR ADDITIONAL INFORMATION ON THE  
AP600" FOR PROPRIETARY INFORMATION

Dear Mr. Borchardt:

Westinghouse has reviewed for proprietary material the NRC "Requests For Additional Information on the AP600" dated April 28, 1993. Our review indicates that these RAls contain no information that Westinghouse considers proprietary. However, the April 28, 1993 transmittal letter included a draft document titled "A Defense-In-Depth and Diversity Assessment of the Westinghouse AP600 Protection System," dated April 5, 1993. Our review of this document indicates that the current draft does contain information considered by Westinghouse to be proprietary. As such, we request that the document be withheld for public disclosure until the proprietary information has been specifically identified and removed.

Please contact Brian A. McIntyre (412-374-4334) if you have any questions concerning this review.
