RE: Extension of Expiration Date for Export License No. XB001276.

Dear Betty:

As per our recent telephone conversation, please find enclosed our check for \$120 to extend the expiration date three (3) more years for the above captioned export license.

We do not require any other changes to this license, other than the addition of Libya and Iran to the list of embargoed countries for shipment as you indicated.

Thank you for all your assistance.

Regards,
SAFETY LIGHT CORPORATION

4/23/93 B.L. Wright called. Safety Light re request to amend XB001276. It appeared as though this might be an incorrect license number since XB001276 does not expire until Dec 31, 1995; AND, I had called Safety Light Corp in Feb to remind them that XB001250 was due to expiration May 31, 1993. In reviewing their request, they agreed that they had incorrectly requested amendment to XB001276 instead of XB001250. A new request will be submitted.
