To whom it may concern:

I am a resident of the area covered by the T.M.I. Edison Co. and would like to express my opinion that I feel T.M.I. that I should be put in service as quickly as possible. That I was not involved in the last accident and electricity needs to be provided at a reasonable cost. Bringing the other power from other sources has been a and will be more costly than to see what we can do to see that we have a safe and sound system. Please put it on line as soon as possible.

Sincerely,  
G. E. Keller
