Re: TMI

DOCKET NUMBER 30-30, 32, 70, 150  
PROPOSED RULE (45 FR 70374)  
~~SMELTED ALLOYS~~

DOCKET NUMBER **30-289**  
PROD. & UTIL. FAC.

I am writing in opposition  
of the proposed re-opening of  
TMI unit #I in advance of the  
hearings on Unit #II.  
In view of the already emotionally  
charged situation in the area + the  
demonstrated opposition to any reopening  
of this nuclear plant by the people in  
the area, this decision would be  
disastrous!
