

# POOR ORIGINAL

RECEIVED  
FEDERAL BUREAU OF INVESTIGATION  
50-466CP

Dear Sirs:

I am writing to you because I am a citizen of the  
United States, a Miller's Creek Nuclear Power Plant  
dweller in the town of Linton, and work in Passumpsic which  
is approximately 50 miles from the construction site.  
I feel that not only my livelihood, but my very life is  
threatened by the construction of such plants.

I am a Registered Nurse and a biology major at IH/CLC.  
Everything I have learned in regards to my profession  
and my education shows me that reaktion is unsafe and  
can cause irreparable damage to life systems as we know  
them.

I would like to be notified of any further development  
in the construction of The Allens Creek Plant.

Thank you.

Sincerely yours,

Bonny Wallace
