Dec. 8, 1980

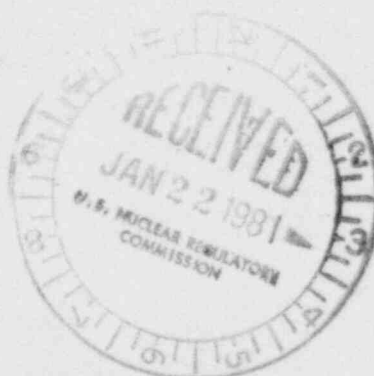

DOCKET NUMBER PR-30, 32, 70, 150
PROPOSED RULE (45 FR 70374)
SMELTED ALLOYS

To whom it may concern,

I plan to have children in the future and I would rather not them eat using nuke pots and pans. I think that something else must be done to stop this absurd proposition.

Very Concerned,
