DOCKET NUMBER 77-30, 32, 70, 150
PROPOSED RULE (43 FR 70674)
SMELTED ALLOYS

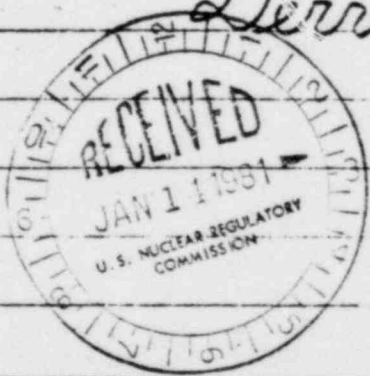

16 Links Drive
Lake Success N.Y. 1102
Dec. 9, 1980

Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Nuclear Regulatory Commission
Please do not pass the rule that would
exempt from licencing and regulatory
requirements the use and transfer of
smelted alloys made with radioactively
contaminated metal scrap. If it was used
in consumer products the user would
get doses of radioactivity and in time
it would accumulate and get dangerous

Sincerely,
Derrick Kong
