Gentlemen,

Christ Hospital would like Item 12 of its radioactive materials license to read:

Eduardo Hijensohn, M.D.	Groups I, II, III, IV, V
Sudhir Kumar, M.D.	Group I
M. Nathi, M.D.	Group I
Warendra S. Saxena, M.D.	Groups IV, V, VI
Pravilla Sarin, M.D.	Group VI
J. Bolanos, M.D.	Group I and Carbon 14
John W. Mason, M.D.	Group I and Carbon 14

Parts of Item 12 which are being amended include the addition of Dr. Bolanos and Dr. Mason and the use of Group IV and V materials by Dr. Hijensohn. Information in support of Dr. Mason was submitted in our previous application, dated March 23, 1979, and we are enclosing a preceptor statement for Dr. Hijensohn.

We currently have a new Radiation Safety Officer, Mr. Nicholas Lembares, M.S., whose curriculum vitae is enclosed with this application. Our RIA lab has moved to a new location and facility diagram indicating the areas where surveys and wipe tests are made is enclosed.

We have also included a copy of our management's commitment to keep occupational radiation exposures as low as reasonably achievable.

If you have any questions regarding this amendment request, please contact Mr. Nicholas Lembares, our Radiation Safety Officer, at 425-8000, Ext. 5475 or by mail. We thank you for your cooperation in this matter and await your reply.

Sincerely,

Otto M. Janke
Vice President/Admin.
