James W. Smith, Chairman  
Atomic Safety & Licensing Board  
25 North Court Street  
Harrisburg, Pa. 17101

Dear Sir:

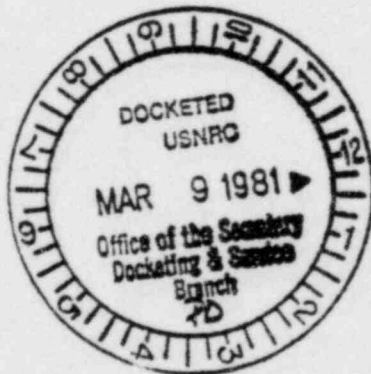

As a consumer of electricity and a stock holder of G.P.U. I hope you will look favorably on the starting of T.M.T Unit-1 as soon as possible.

Starting of Unit-1 will enable the utility to decrease the purchase of electricity from neighboring companies and lower the rates to its customers.

Sincerely yours

Edward Ott PE
