Docket Nos.: 50-443/444

Mr. William C. Tallman
Chairman and Chief Executive Officer
Public Service Company of New Hampshire
100 Elm Street
Manchester, New Hampshire 03105

Dear Mr. Tallman:

Subject: Request for Information Pertaining to Generic Issues

The NRC staff requests information regarding unresolved safety issues pertaining to Seabrook Station, Units 1 and 2. This information is required to supplement the staff's discussion of these issues in the Safety Evaluation Report pertaining to the recently tendered application for an operating license. Your response should include a summary description of the relevant programs and interim measures taken pending resolution of the issues.

Enclosure 1 identifies the specific generic issues for which information is requested. Enclosure 2 is a copy of the Generic Issues Branch input to the Virgil C. Summer SER and may be used as a guide.

Your response should reach NRC not later than January 8, 1982.

Sincerely,

Original signed by:

Robert L. Tedesco
