NOV 28 1973

Mr. Harry G. Woodbury
Executive Vice President
Consolidated Edison Company
of New York, Inc.
4 Irving Place
New York, New York 10003

Dear Mr. Woodbury:

In regard to the meeting of November 7 and 8, 1973, we would like to express our appreciation for the visit to the Texas Instruments facilities and the opportunity to discuss the results of the ichthyoplankton survey and seining data obtained on the Hudson River during the past summer. It was a good opportunity to exchange information on the ecological studies and to learn about the specific techniques used to collect the fish eggs and larvae.

Thank you again for your kind hospitality.

Sincerely,
