EMERGENCY PREPAREDNESS APPRAISAL AND EXERCISE  
FILE: B13.3 SERIAL: 14916

Recently an evaluation was conducted of the emergency planning effort and schedule associated with the Midland Project. The results of the evaluation indicate that Midland would be prepared for an NRC appraisal in early December 1982. It is therefore requested that for your planning purposes an NRC appraisal of Midland Project emergency preparedness be held December 6-17, 1982.
