Office of State Programs

SUBJECT: FOURTH QUARTERLY REPORT (SECOND YEAR) FROM WASHINGTON
ON TRANSPORTATION SURVEILLANCE PROGRAM

Enclosed is the fourth quarterly progress report (second year) submitted by Washington on its transportation surveillance program under contract with NRC and DOT. The report covers the period June 10, 1981 to September 9, 1981.

Washington has now completed its monitoring program under the current contract, except for submission of a final report. The State has entered into a three-year contract with DOT under the new all-hazardous materials surveillance and enforcement program. DOT will furnish NRC with State reports as they become available.

Any comments you might have on the report would be appreciated.

Marie Janinek
State Relations Officer
Office of State Programs
