Dear Sirs:

I am a junior at Worcester Polytechnic Institute and to fulfill a degree requirement, I am interested in researching the privacy rights of the general public as stated in the Freedom of Information Act, 5 U.S.C. 552 and the Privacy Act, 5 U.S.C. 552a.

In particular, I am interested in the storage and maintenance of computerized data about the general public. I would like to know the standard procedures followed by your organization when dealing with records that are compiled and stored about certain individuals. Would you please provide me with a few answers to the following questions as soon as possible.

1. What information does your organization keep on file?
2. Is the information computerized?
3. Where does the information come from?
4. Who has access to the information?

A prompt response will be greatly appreciated. Any information pertaining to this area will be extremely helpful. To expedite matters, I have enclosed a self-addressed stamped envelope. I will look forward to hearing from you soon. Thank you for your time and cooperation.

Sincerely,

Lisa A. Longwell
