Gentlemen:

Subject: Report Nos. 50-321/81-26 and 50-366/81-26

Thank you for your letter of December 1, 1981, informing us of steps you have taken to correct the deficiencies in your emergency preparedness program brought to your attention in our letter of November 3, 1981.

With respect to finding #4 of your response concerning the Operational Support Center (OSC), it was noted during the Emergency Preparedness Appraisal at Plant Hatch on November 30, 1981 to December 11, 1981, that emergency equipment and supplies have been provided which are immediately available for use by OSC personnel. This portion of the finding is adequately resolved. We will examine your corrective actions and plans for the remaining deficiencies during subsequent inspections.

We appreciate your cooperation with us.

Sincerely,

151
