Dear Mr. Denton:

In the Matter of the) Docket Nos. 50-259

50-296

By letter from T. A. Ippolito to H. G. Parris dated November 20, 1981, we were informed of specific compensatory measures in the area of security at the Browns Ferry Nuclear Plant which the NRC considered to be inadequate. The letter also suggested additional measures which would provide an acceptable level of effectiveness and stated that they must be implemented immediately. Enclosed is our response to that letter.

The enclosure contains security-related information that is exempt from public disclosure in accordance with 10 CFR Part 2.790. We, therefore, request that the enclosed response not be placed in the Public Document Room.

Very truly yours,
