Attention: Chief, Materials Radiological
Protection Section,
631 Park Avenue
King of Prussia, Pennsylvania 19406

Gentlemen:

I am applying for a new license number because our other
one (#37-13604-01 expired March 31, 1980.

Due to a change in personell either the license material
that was due last March was misplaced or we never received
it. I also noticed our name (Dimun) was poorly spelled out
on our envelope, so it may have gone to another office.

From now on please send to the above name & address and to
the attention of Sylvia Taylor. I will be sure to watch for
it next time it is due.

Sincerely,

Sylvia Taylor, office manager
