Re: Oconee Nuclear Station
McGuire Nuclear Station
Docket Nos. 50-369, 50-370, 50-269, 50-270, 50-287

Dear Mr. Denton:

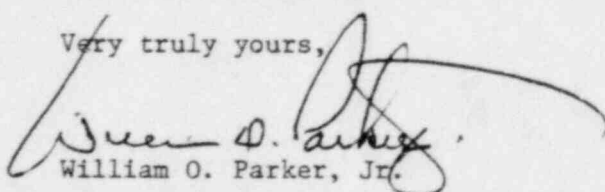

Enclosed for NRC staff use and review are ten copies of each of the following documents:

1. Crisis Management Plan for McGuire and Oconee Nuclear Stations (Revision 2, dated November 15, 1981)
2. Implementing procedures for the Crisis Management Plan
3. McGuire Nuclear Station Emergency Plan (Revision 1)

The Crisis Management Plan revision should be inserted in the copies of the plan previously submitted. The revision to the McGuire Emergency Plan replaces the current document in its entirety. Note that revision 1 to the McGuire Emergency Plan includes a new format, designed to better coincide with the revised Crisis Management Plan and with the NUREG-0654, Rev. 1 outline.

By copy of this letter, three copies of each of the above documents are being provided to NRC-Region II.

Very truly yours,

William O. Parker, Jr.
