Docket Nos. 50-313
and 50-368

Arkansas Power & Light Company
ATTN: Mr. William Cavanaugh, III
Senior Vice President - Energy Supply
P.O. Box 551
Little Rock, Arkansas 72203

Gentlemen:

With your application dated October 31, 1980, which was filed with the Office of Nuclear Reactor Regulation (ONRR) for review, your Company remitted fees per 10 CFR 170.22 totalling \$12,700 (\$12,300 for Class IV and \$400 for Class I). This application requested Technical Specification changes for ANO-1 and ANO-2 relating to TMI-2 Lessons Learned.

As a result of a fee reanalysis by the ONRR staff of the applications on Lessons Learned, it has now been determined that fee Classes III (\$4,000) and I (\$400) are appropriate for your October 31 application. Consequently, we have concurrently authorized the Office of the Controller to refund a sum of \$8,300 to your Company. Refunds are generally processed in approximately two weeks.

Sincerely,

Original Signed by
Wm. O. Miller
