Gentlemen:

We have reviewed Revision 2 to the security plan for special nuclear material for the LaSalle County Station submittal by your letter of November 16, 1981 and have determined that it does not decrease the effectiveness of the plan.

Accordingly, we have amended your license as set forth in the enclosure.

"Original Signed by G. W. McCorkle"

George W. McCorkle, Chief
Physical Security Licensing Branch
Division of Safeguards, NMSS

ENCLOSURE

Docket Nos. 70-2609/2885
License Nos. SNM-1802/1833

License Conditions

The licensee shall follow the security plan entitled, "Security Plan for Special Nuclear Materials Security for Commonwealth Edison Company, LaSalle County Station, " Revision 1, dated July 16, 1980; as amended by Revision 2 (undated) submitted by Commonwealth Edison Company letter dated November 16, 1981.

The licensee shall insure upon receipt of special nuclear material that, 1) the integrity of the container and seals is checked and 2) the shipper is notified of the receipt of the material as required in 10 CFR 70.54.

The licensee shall submit, for NRC approval, no less than 120 days prior to shipping, exporting or importing special nuclear material, revisions to the approved security plan outlining the licensee's program to meet the requirements of 10 CFR 73.67(g).
